

UTILITY TRACTOR SPECIFICATIONS

Lake County is seeking quotes for the purchase of a fifty (50) horsepower (HP) 4x4 utility tractor with loader and open station with canopy for the Lake County Sheriff's Office. This purchase will be awarded to the vendor with the lowest price when all items are added in the aggregate. If a vendor fails to submit an offer on all items, its overall offer will be rejected.

The specifications and minimum requirements are listed below. For each item, the vendor shall mark "yes" or "no" to indicate if the proposed machine meets the requirements in the section. These specifications shall be printed and submitted with the quote. All exceptions or deviations must be explained, by line item number, on a separate sheet, submitted with the quote. The quote shall also include specification sheets of the proposed tractor to allow the County to determine equivalency. All exceptions shall be of equal or greater precision equipment. Equivalency shall be at the County's sole discretion. Note that if you submit your quote electronically, only one (1) attachment can be uploaded in the electronic quote system – please scan all submittal documents (these specifications and the tractor specification sheets) into one document for attachment.

The tractor shall be manufactured so as to be in strict conformance with all standards applied by any Federal or State regulations. Lights, brakes and all other devices, shall be in accordance with industry standards and established safety requirements as well as those safety and highway standards required by Local, State and Federal regulations, specifically including those of the US Department of Transportation.

Specifications:
